
Ecoscape Kids
BOOK 5
Ruby & Theo's Tasty Garden Adventure
Grow Your Own Food Coloring Book

ECOSCAPE
OUTDOOR SERVICES, LLC

Welcome to Ecoscape Kids!

At Ecoscape Outdoor Services, we care about the families who enjoy the outdoor spaces we maintain. We created Ecoscape Kids to help children learn about plants, lawn care, and caring for nature through coloring.

Each page introduces a simple outdoor lesson. Children will learn alongside friendly characters while practicing creativity, observation, and reading with a parent or caregiver.

We hope this book inspires your family to spend time outside, ask questions, and enjoy learning together.

Ecoscape Outdoor Services

Lawn care and landscaping for your home.

This book belongs to: _____

Meet Ruby and Theo

Ruby and Theo want to grow their own food.
Their garden begins with seeds, soil, and care.

Find a Sunny Spot

Many food plants need plenty of sunlight.
Ruby and Theo choose a bright garden spot.

Good Soil for Growing

Loose soil gives young roots room to spread.
An adult helps Theo fill a small garden bed.

Seeds of Different Sizes

Seeds come in different shapes and sizes.
Ruby compares a bean seed and a pumpkin seed.

Plant a Seed

An adult shows Theo how deep to plant a seed.
They gently cover it with loose soil.

The First Green Leaves

A seedling opens its first leaves above the soil.
Ruby watches a tiny new plant begin to grow.

A Gentle Drink

Young plants need water near their roots.
Theo waters the soil without washing it away.

Room for Every Plant

Plants need space for their roots and leaves.
Ruby and an adult spread the seedlings apart.

Carrots Grow Underground

A carrot is a root growing beneath the soil.
Theo spots its leafy top above the ground.

Round Little Radishes

Radishes grow crisp roots beneath their leaves.
Ruby finds a round root just below the soil.

Lettuce Makes Leafy Heads

Lettuce grows leaves we use in salads.
Theo watches a small head grow more leaves.

Tomatoes Grow on Plants

Tomatoes develop from flowers on the plant.
Ruby finds a blossom beside a growing tomato.

Peppers on the Stem

Peppers grow on leafy garden plants.
Theo spots a pepper hanging from a stem.

Cucumbers Like to Climb

A climbing cucumber plant holds onto support.
Ruby watches its curly tendrils grip a trellis.

Beans Grow in Pods

Bean plants grow pods with seeds inside.
Theo looks at a pod without pulling it off.

Strawberries Grow Low

Strawberry fruits grow close to the ground.
Ruby finds a berry beneath the green leaves.

Pumpkins Need Room

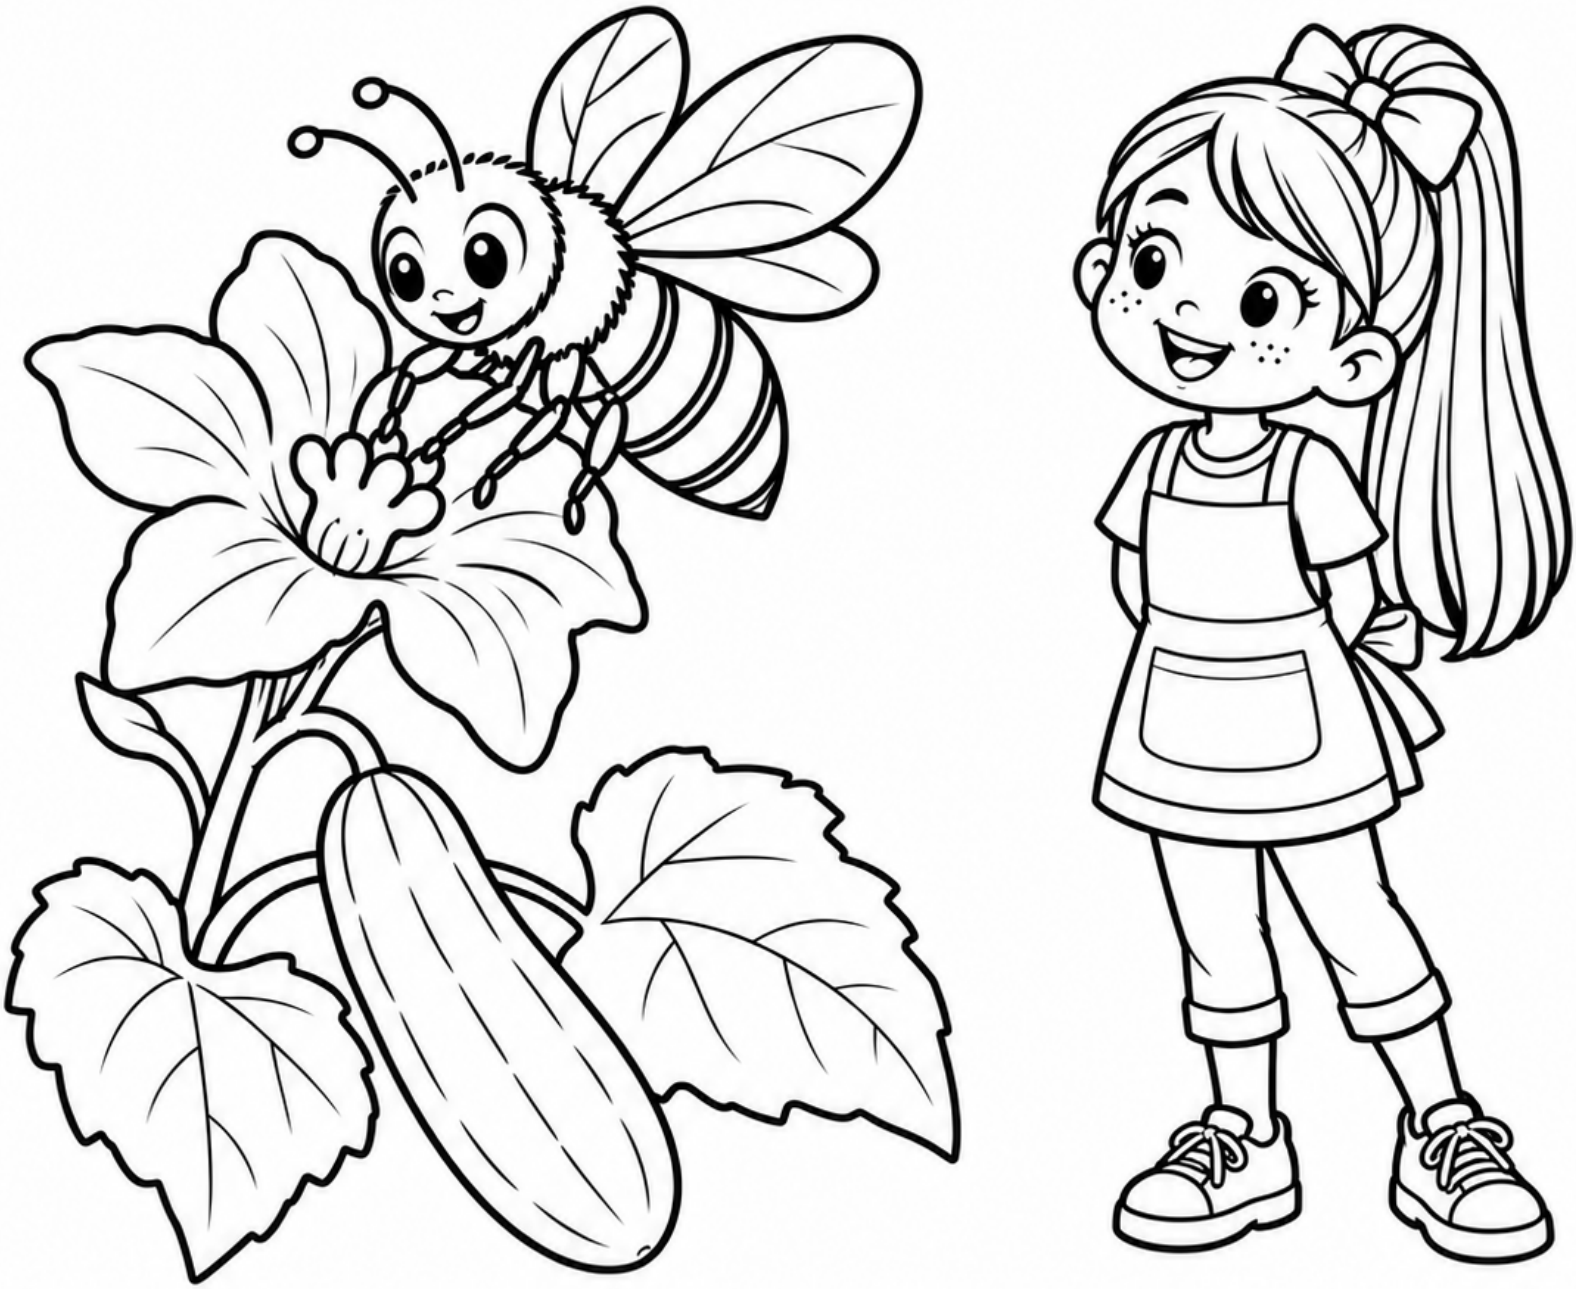

Pumpkin vines spread as the fruit grows.
Theo leaves space for the big leaves and vines.

Fresh Basil Leaves

Basil is an herb with fragrant green leaves.
Ruby gently smells the leaves of a basil plant.

A Bee Visits the Garden

A bee carries pollen as it visits flowers.
Ruby watches quietly and gives it space.

Mulch Around the Plants

Mulch helps the garden soil hold moisture.
Theo keeps mulch away from the plant stems.

Pick with an Adult

An adult helps Ruby choose a ripe tomato.
They lift it gently from the garden plant.

Rinse the Harvest

An adult helps Theo rinse the garden harvest.
Clean water washes away loose garden dirt.

Share What We Grow

Ruby and Theo share their garden harvest.
Their basket holds food they helped to grow.

From Seeds to Supper

Seeds, sunlight, water, and care grew this food.
Ruby and Theo enjoy their harvest with an adult.
